Soft Skills

Naturally curious with a strong focus on new technologies. Passionate about computer science since the age of 5.

Eager to learn and grow professionally.

Strong ability to learn, adapt, and work in a team. Innovative mindset. Proven problem-solver.

Experienced team leader with over 10 years of experience managing teams of up to 10 people. Proven ability to drive projects to completion and deliver results.

My current knowledge represents only a small fraction of what I hope to learn in the future.

Professional experience
